It is easy to say, "Enlarge your Vocabulary", first that you may enter upon the privileges of cultivated women; and secondly, that you may be able to tell the truth easily and accurately. But it is another and more difficult matter to prescribe the means by which this is to be done. Every girl must, to a large

degree, work out her own method. The reading of the best books and conversation with cultivated folk-both helps to the free use of words. The dictionary is the best friend for your task. Never allow a strange word to pass unchallenged. Usually, it is wise to look at it up at the moment. If that is impossible it must be written firmly on the memory and traced at the first opportunity. It is good to encourage the habit of dawdling a little over the dictionary. It is the only place where dawdling reaps a harvest. By learning two new words a day thoroughly, you can ensure a large vocabulary before you reach middle age.
